

# Durable Medical Equipment Fraud

Tips for Protecting Yourself and Medicare

## What is Durable Medical Equipment?

Durable medical equipment, or DME, is medical equipment prescribed by your doctor that is reusable. It includes hospital beds, walkers, wheelchairs, home oxygen equipment, scooters and prosthetics. Medicare only covers DME if you get it from a supplier enrolled in the Medicare program.

## What Are Examples of DME Fraud?

- Suppliers who offer “free” equipment but bill Medicare
- Suppliers who want you to use their doctors (who then prescribe unnecessary medical equipment)
- Doctors or suppliers who provide medical equipment you never needed or requested, or charge for items you never received.
- Companies that bill for duplicate orders
- Suppliers who bill Medicare for people who have passed away
- Suppliers who deliver generic or off-the-shelf product but bill Medicare for a more costly product
- Older adults who willingly accept unnecessary equipment or supplies, or allow their Medicare number to be used in exchange for money or other things
